

- Project description _____**

- 1) What's the worst case scenario of what you are creating?**
 - And on whom?

- 2) What's the best scenario of what you are creating?**
 - And on whom?

- 3) Who might you be excluding?**
 - What's your All People statement?
 - What communities currently do not experience this All People statement?

- 4) How do the identities within your team influence and impact your design decisions?**
 - How might the identities of the people on your team influence and/or inform how you will design this project?
 - What perspectives or lived experiences might be missing from your team?

- 5) How do you equitably engage the people you want to reach (The Source)?**
 - Who is your Target Source? What's your relationship to them? If any?
 - Who is your Impact Source? What's your relationship to them? If any?
 - What will you gain by working with The Source?
 - What will The Source gain by working with you?

- 6) What is your plan ensuring that your work co-designing with The Source is not just a one-off, but instead, a continuous relationship?**
